The image shows a screenshot of the Tableau Desktop application. The main window displays a map visualization titled "Sales by State". The map shows the United States with data points representing sales for various states. Each data point is labeled with a sales amount. The interface includes a top menu bar with options like File, Data, Worksheet, Dashboard, Story, Analysis, Map, Format, Server, Window, and Help. On the left, there is a sidebar with tabs for Data, Analytics, and Pages. The Data tab is active, showing a list of fields including Order ID, Order Priority, Products, Category, Sub-Category, Product Name, Profit (in), Region, Ship Date, Ship Mode, Supplier, Top 25 Customers by Pr..., Zip Code, Measure Names, Discount, Order Quantity, Product Base Margin, Profit, Profit Ratio, Sales, Shipping Cost, Time to Ship, and Unit Price. The right sidebar contains legends for Category (Furniture, Office Supplies, Technology) and SUM(Sales) (ranging from \$386,438 to \$835,735). The status bar at the bottom indicates 79 marks, 1 row by 1 column, and a total sum of \$14,907,053. The bottom of the screen shows the Windows taskbar with various icons and the system clock indicating 5:44 PM on 2/9/2025.
